This publication is a comparison of median and average rent values in Whitehorse for 1995 to 2005. Prior data is available upon request. These figures are derived from the Yukon Rent Survey which is conducted quarterly in March, June, September and December.

'Median Rent' refers to the rental value at which one-half of the rents are higher and one-half of the rents are lower.

'Average Rent' refers to the total rent charged divided by the total number of units.

The Yukon Rent Survey is a Yukon Bureau of Statistics survey which is carried out quarterly in Whitehorse and Watson Lake. This survey began in the Yukon in 1977 and has continued to the present with only minor changes in survey design. The survey covers all buildings with four or more units. Buildings with less than four units (such as houses, suites and duplexes) are excluded from the survey.
